

PERSONAL STATEMENT

Hi!

I am a **Confirmed PHP/JS Developer** living near Thionville and working in Luxembourg since 2013. I love everything that has to do with creativity, coding, UI/UX... and I feel a true devotion to new challenges. I have more than 6 years of working experience and much more since my first line of code! I constantly improve my knowledges by myself.

I love working with people who have the same passion.

Why don't we work together ?
